# RIDGWAY GRAPHICS

*ceramic tiles, tile magnets, tile ornaments and “Art to Wear” pins*

Catherine Claxton and Arnold Stephens started Ridgway Graphics in 1995. The Textile Series was created to reflect the beauty and diversity of textile art from all segments of the globe. In addition to the quilt designs shown in this catalog, the series also includes molas from Panama, kente cloth from West Africa and Navajo weavings from the Southwest. We continue to expand our product line and wholesale across the United States to museum stores, quilt shops, National Park bookstores and specialty gift shops.

The ceramic tile is the perfect medium to display our art, with each tile handcrafted in our Sedona studio. Images are heat set into a special coating on the tile, giving the art work permanent and lasting qualities. These beautiful and very colorful tiles have a durable hard finish and are both decorative and functional. Measurements are 4 ¼" x 4 ¼" and 6" x 6". Tiles are available as the following products:

- Single tile with picture hook on the back for hanging and four pads placed in corners to protect table surface (4 ¼" and 6" tiles)
- Tile magnets (1 ¾" x 1 ¾" x 3/16")
- Tile ornaments (1 ¾" tile with wire hanger)

A wood tile holder is provided with your *initial* ceramic tile order of 6 tiles or more of the same image. This display item will hold 4 tiles. The back dowels are 2" tall and the front dowels are 1" tall. Dimensions of the holder are 3 ½"x 5" and are available in a natural finish (for wholesale only).

All quilt designs are available on products shown below.  
*Suggested retail prices shown.*

PINS - \$9.00 (suggested retail)

Catherine Claxton’s quilt designs are inspired from traditional and recognizable quilt patterns. Her drawings are displayed on FRP board, a lightweight and durable polymer that provides true color saturation and sharp detail. Pins measure 1 5/8” x 1 5/8”. Each pin is handcrafted in her Sedona studio.
